

12 volt solar battery maintainers 2 pack

What is a 12 volt battery maintainer?

A 12 volt battery maintainer, such as this one, is used for charging and maintaining 12 volt batteries in cars, boats, motorcycles, and other recreational vehicles. With 800mA of charging power, this maintainer can quickly charge batteries that are low on power. Its desulfating function helps to restore sulfated 12 volt batteries to their former glory.

What is a Coleman 2 watt battery maintainer?

The portable Coleman 2-Watt Solar Battery Maintainer is used to maintain the batteries of cars, SUVs, boats, and tractors and more. This unit is completely maintenance free and easy to install.

What is included in a solar battery maintenance kit?

The Coleman 2-Watt 12-Volt Solar Battery Maintainer kit includes: a 2-Watt solar battery maintainer, 7.5 ft. wire, 12-Volt DC plug, suction cups for easy mounting, and battery clamps. It has a temperature range of -40 to 176°F and can be used indoors, such as inside the dash of a vehicle or by a window.

Great for use with cars, boats, rv's, and most 12 volt rechargeable batteries Built-in blocking diode to prevent reverse flow of electricity Weather resistant and works well in most lighting conditions Plug n play - ready to use

The solar charger converts light energy from the sun into 12 volt DC electricity which is then transported to the rechargeable batteries through lead wire and connector of choice, replace the self-discharge of a battery in storage, so that the battery wouldn't "go dead";.
