Built-in 3000mAh & Single External 18650 battery (Not include): Provides flexibility and extended battery life. AS Chip 4.0: Delivers rapid and reliable performance. Package includes:

Is aegis solo 3 the same as Legend 3?

If you put both devices side by side, it's easy to see that the Aegis Solo 3 is just a smaller, single battery (or built-in battery) version of the Legend 3. Like its predecessor, the Aegis S100 (Solo 2), there's not much rubber on the exterior of the device. The body is made up of a metal frame with a leather grip on the back.
