

Aps solar battery pilot program

Who is APS Solar?

APS Solar, founded by Rick Burkhard in 2002, is a company based in Sonora. I started this business as a way to bring my personal passion for solar and electrical engineering to our community. Solar technology has evolved a lot since then, and there is an increasing demand for independence from an uncertain energy future.

Is the APS Solar partner program full?

Please note, our Solar Partner program is full at this time and no longer taking applications. What is the APS Solar Partner program? The award-winning APS Solar Partner program combines rooftop solar for customers with groundbreaking research. Participants are located in targeted areas and meet the program eligibility requirements.

What happened to the residential battery pilot?

APS has closed the Residential Battery Pilot, and the program is no longer accepting new applications. Customer applications currently under review will continue to be processed. If an application is deemed ineligible by APS, Enphase will notify the installer and customer.
