Can I replace my arizer solo battery?

The Solo Battery is covered under a limited 1-Year warranty and is also available for purchase upon request. To inquire about replacing your Solo Battery send us an email to: [service@arizer.com](mailto:service@arizer.com). Arizer Batteries should not be substituted for third-party batteries -- Only use official Solo Batteries with your Arizer Solo.

What is the warranty on the arizer solo?

When you buy your Arizer Solo from Planet of the Vapes, you are guaranteed to receive the absolute newest model available with the latest features and updates. The Arizer Solo vaporizer has a two year manufacturer's warranty and a one year warranty on the battery.

How long does the arizer solo battery take to charge?

The battery will take 3-4 hours to fully charge, or longer if you use it while charging. If your battery is running low, with the Arizer Solo you don't have to wait for the battery to charge before you can use it. Just plug it in, set the temperature, and use the Solo while the battery continues charging.

How do I conserve the battery life of the arizer solo?

To conserve battery life, use the Arizer Solo in a temperature controlled environment and use the lower temperature settings. When outdoors, stay sheltered from the elements and avoid using in extremely cold temperatures. Charge the battery as necessary.

How long do arizer batteries last?

Arizer Batteries meet rigorous quality standards. With normal use they will last for hundreds of charge cycles before losing any capacity. Dropping the unit can result in battery damage that may limit /reduce the battery capacity quickly, so it is important to handle the unit carefully.

How do I protect my arizer solo battery?

The Arizer Solo and Solo Chargers have built-in protections to prevent the battery from being overcharged or drained too low. To conserve battery life, use the Arizer Solo in a temperature controlled environment and use the lower temperature settings. When outdoors, stay sheltered from the elements and avoid using in extremely cold temperatures.
