

# Average PV energy storage price per 10MW in Tunisia

Paris & Tunis, April 15, 2024 - Renewable energy company Qair has closed financing for the construction and operation of two 10 MW greenfield photovoltaic (PV) plants, located in Feriana town, in the Kasserine Governorate, in Tunisia. ...

All cost values are presented in 2022 real U.S. dollars (USD). In general, our cost assumptions for utility-scale PV-plus-battery are rooted in the cost assumptions for the independent utility-scale PV and 4-hour battery storage technologies.

Base year installed capital costs for BESS decrease with duration (for direct storage, measured in \$/kWh), while system costs (in \$/kW) increase. This inverse behavior is observed for all energy storage technologies and highlights the ...
