

Average PV energy storage price per 2MW in Saudi Arabia

How much does electricity cost in Saudi Arabia?

The average cost of electricity in Saudi Arabia as of March 2024 is: 3 Residential Electricity Price: Around USD 0.053 per kWh. There is currently no contribution Consulting Service Turnkey Service Explore Saudi Arabia solar panel manufacturing with market analysis, production statistics, and insights on capacity, costs, and industry growth trends.

Could a power purchase agreement make large-scale solar projects viable in Saudi Arabia?

Saudi scientists have determined the current price threshold for power purchase agreements (PPA) that could make large-scale PV and wind power projects viable in Saudi Arabia. They incorporated data from the 300 MW Sakaka solar farm and four potential utility-scale PV project sites.

How much does a solar PV plant cost?

"The Sakaka solar PV plant operates under a 25-year PPA with an electricity price of \$23.40/MWh, while the Dumat Al Jandal wind farm has a 20-year PPA with an electricity price of \$21.30/MWh," the researchers said, acknowledging that technical and financial details for the plants are not fully available.

How much NPV should a solar project cost?

They said that to achieve zero NPV values, the other identified sites for solar deployment should host projects requiring PPA prices ranging from \$26.10/MWh to \$29.30/MWh.

Do tariffs make solar projects economically unviable?

They incorporated data from the 300 MW Sakaka solar farm and four potential utility-scale PV project sites. Researchers at King Abdulaziz University have conducted a techno-economic analysis for utility-scale wind and solar plants in Saudi Arabia and have found that current tariffs make projects economically unviable.

Are solar PV-wind technologies economically feasible in South Africa?

"Sensitivity analysis of PPA rates indicated that solar PV, wind energy, and hybrid solar PV-wind technologies are economically feasible in SA at PPA rates above \$32.8/MWh, \$26.1/MWh, and \$50.6/MWh, respectively," they concluded.
