

Average backup power battery price per 3MW in Vietnam

1) Total battery energy storage project costs average $\$580/\text{MW}$ 68% of battery project costs range between $\$400/\text{MW}$ and $\$700/\text{MW}$. When exclusively considering two-hour sites the median of battery project costs are $\$650/\text{MW}$.

The cost and performance of the battery systems are based on an assumption of approximately one cycle per day. Therefore, a 4-hour device has an expected capacity factor of 16.7% ($4/24 = 0.167$), and a 2-hour device has an expected ...
