

Average rooftop solar storage price per 20MW in Italy

How much does a roof-mounted photovoltaic system cost in Italy?

Costs associated with hardware were the most significant ones when it comes to roof-mounted residential photovoltaic systems in Italy. According to data, among the hardware costs, the largest share was attributable to modules, whose cost amounted to 0.37 euros per watt on average in 2023.

How much does a 3KW Solar System cost in Italy?

The cost of a 3kW photovoltaic system--sufficient for the average household in Italy--ranges between EUR6,000 and EUR9,000 in 2025, thanks to advancements in technology and reduced manufacturing costs. Solar panel prices vary depending on factors like system size, installation complexity, and storage capacity.

How much does a solar PV system cost in Italy?

The price of roof-mounted residential photovoltaic (PV) systems in Italy decreased from 3.6 euros per watt in 2011 to 1.45 euros per watt in 2023. A similar trend can be observed in the prices of commercial and industrial PV systems and ground-mounted plants. The growth of the solar PV sector in Italy made the market more competitive.

Are solar panels a viable energy solution in Italy?

Solar panels have become a popular and reliable energy solution in Italy, offering homeowners the opportunity to significantly reduce energy costs while contributing to a more sustainable future.

Are solar panels a good option in Italy?

In 2025, the solar energy market in Italy continues to grow, with greater affordability, efficiency, and government incentives making photovoltaic systems an attractive option for households. Let's explore how these systems work and how much you could save by installing solar panels in your home in 2025. How do solar panels work?

Which region has the most solar PV installed capacity in Italy?

Lombardy was the region with the greatest share of PV installed capacity nationwide, followed by Veneto. The share of renewable electricity produced from solar PV facilities in Italy increased by almost 10 percentage points between 2018 and 2023.
