

BESS tender price in Kuwait 2030

How much will Bess cost fall in 2022?

This broadly matches up with recent analysis by BloombergNEF which found that BESS costs have fallen 2% in the last six months, as well as anecdotal evidence of reductions after spikes in 2022. Compared to 2022, the national laboratory says the BESS costs will fall 47%, 32% and 16% by 2030 in its low, mid and high cost projections, respectively.

Will SEC tender a GWh Bess in 2024?

Furthermore, SEC is tendering a 12.5 GWh BESS on a split scope basis across five sites in KSA expecting to close in the fourth quarter of 2024. The Saudi Power Procurement Authority (SPPC) is planning annual standalone BESS tenders of 2 GW /8 GWh from 2024 onwards, totalling 10 GW /40 GWh by 2030.

How much does Bess cost in China?

It is nonetheless still eye-opening to note just how big those differences in cost are. The average for a turnkey system in China including 1-hour, 2-hour and 4-hour duration BESS was just US\$101/kWh. In the US, the average was US\$236/kWh and in Europe US\$275/kWh, more than double China's average cost.

How many gw/40 GWh will a Bess project deliver?

The Saudi Power Procurement Company aims to deploy 10 GW/40 GWh of standalone BESS capacity by 2030 through annual tenders of 2 GW/8 GWh starting in 2024. In the UAE, the Emirates Water and Electricity Company (EWEC) issued a request for proposals for a 400 MW/400 MWh standalone BESS project in mid-2024.

Will Bess costs fall this year?

The most important takeaway is that the NREL estimates that BESS costs will start to fall this year in its 'low' and 'mid' cost projections, with an increase over the next few years forecast in its 'high' scenario, visualised in the graph above.

Will KSA be the third biggest Bess market in 2026?

And if we add recent tenders, this will lead to a whopping 33.5 GWh of BESS capacity by 2026. This would make KSA the third biggest global BESS market after the USA and China. While KSA is certainly leading the pack, increasing deployments can be witnessed all across MENA and the Gulf Cooperation Council (GCC) region in particular.
