

Battery for solar rechargeable lantern sl-9000led

Where can I buy a replacement lantern battery?

Keep your lantern ready when you need it with lantern batteries from Battery Mart. Here you'll find a long-lasting replacement lantern battery for sale.

What batteries do you use for solar lights?

The Camelion Batteries for Solar Lights are my go-to when it comes to 1.5V batteries. They come with a modest 300mAh capacity, but that powers up my holiday decorations lights for about 4 hours per night. I also appreciate the safe and stable NiCAD cells that work in cold winter and hot summer days without any problems.

What brands of lantern batteries do you carry?

We carry well known brands, such as Rayovac and Energizer that are sure to provide a long service life. If you're ever unsatisfied with your replacement lantern battery purchase, it is covered by our 60 day satisfaction guarantee. Confused on which battery to order?

Where can I buy a 6 volt battery for my Lantern?

Battery Mart has the best batteries to keep your lantern working at a great low price, including many 6-volt lantern batteries. We carry well known brands, such as Rayovac and Energizer that are sure to provide a long service life.

How do I choose the best battery for my Lantern?

Whether you're going on a family camping trip or you're using it during a power outage, it's important to make sure it has a good, dependable battery powering it. Battery Mart has the best batteries to keep your lantern working at a great low price, including many 6-volt lantern batteries.

Do solar lights come with batteries?

We also carry the 3.2V solar light batteries for Gama Sonic lamp posts and Atlantic Solar post cap lights. All solar lights that light up at night do include batteries that store the energy from the sun during the day.
