

Brightbox solar battery

What is a BrightBox battery?

The Brightbox package is Sunrun's company-branded battery option, launched in partnership with LG. LG Chem's batteries are not an exclusive offering of SunRun; they are also available from other U.S. solar installation companies. The LG Chem batteries are lithium-ion and come in a variety of sizes.

What are the features of Sunrun BrightBox battery?

The Sunrun BrightBox battery is a feature of Sunrun's solar home battery service. Some major characteristics of the Sunrun BrightBox battery include providing dependable and clean backup power and cost-free renewable energy storage via rooftop solar panels.

How much does a BrightBox Solar System cost?

What you'll pay for the Brightbox package can vary depending on the state and your financing option. Sources in New York report pricing between \$6,500 and \$8,000 in addition to the cost of your solar installation, while Sunrun advertises an initial cost of \$1,000 with its leasing arrangement in Massachusetts.

Where can I buy a BrightBox?

The Brightbox is only available to customers in the states mentioned above (Arizona, California, Hawaii, Massachusetts, and New York) looking to install a new solar panel system and would like to add storage. The Tesla Powerwall and Sunrun's Brightbox offerings are similar in multiple ways.

Does Sunrun have a BrightBox?

The largest residential solar installer in the country, Sunrun, has a "solar plus storage" option known as the Brightbox package. Brightbox is available in Hawaii, Arizona, California, New York, and -most recently- Massachusetts. What is the Brightbox?

Does LG BrightBox have a warranty?

Even without this service plan, the Brightbox is backed by LG's warranty of 10 years, which assures that the battery won't lose more than 40 percent of its storage capacity during that time. Sunrun doesn't share pricing for the Brightbox package on its website.
