

# Containerized BESS project financing options in Vietnam 2026

How a Bess project is promoting energy storage in Vietnam?

Encouraging domestic enterprises to invest in new technologies will promote the growth of the energy storage industry in Vietnam. Investment in BESS projects in Vietnam is attracting the attention of international partners due to the country's strong potential for RE development.

Does Vietnam have a Bess project?

Although no large-scale BESS projects have been implemented yet, Vietnam has put in place the conditions for BESS roll-out. Vietnam has a growing number of engineers and specialists in the RE sector. Training programmes at universities and research organisations are beginning to place emphasis on energy storage technology.

Does Vietnam have a Bess market?

Currently, the BESS market in Vietnam is nascent, with significant limitations in terms of technical expertise and infrastructure. As at November 2024, Vietnam had only three pilot BESS projects: one at Power Engineering Consulting Joint Stock Company 2 (PECC2), another at VinFast and a third at Kehua Digital Energy in Khanh Hoa.

How can Vietnam continue to promote re and Bess projects?

Diversifying funding sources and support mechanisms is a crucial factor in helping Vietnam continue to strongly promote RE and BESS projects and, at the same time, achieve its energy transition and greenhouse gas emission reduction goals.

Why is Bess important in Vietnam?

This further highlights the role of BESSs as an effective solution to reduce dependence on fossil energy sources and enhance renewable energy storage capacity. A detailed BESS analysis shows that Vietnam is accelerating the development of RE combined with BESSs to optimise energy use and ensure the stability of the power grid.

How can international investors support re & Bess projects in Vietnam?

International capital: International financial institutions, such as the World Bank, the Asian Development Bank (ADB) and green investment funds, are ready to provide financial support for RE and BESS projects in Vietnam. International investors can leverage these funding sources to mitigate financial risks.

Whether you need a bare-frame BESS enclosure /rack, a semi-integrated solution or a fully wired, grid-ready BESS unit, TLS Energy delivers the expertise -- from design to EPC hand-over -- to make your energy storage project profitable, ...
