

# Deka solar batteries for sale

What is a Deka solar battery?

Deka Solar Batteries from East Penn are engineered and tested to provide reliable, long-lasting back-up power for commercial Photovoltaic (PV) and renewable energy applications where frequent deep cycles are required and minimum maintenance is desirable.

Why should you choose Deka solar batteries?

Deka Solar batteries are engineered and tested to provide reliable back-up power for Photovoltaic (PV) and renewable energy applications. Our steadfast commitment to quality and environmental standards has helped us achieve globally recognized certifications.

What are Deka sealed GEL cells & AGM batteries?

Deka Sealed Gel Cell And AGM Batteries For Off-Grid Solar PV Applications. The East-Penn Deka Solar line of sealed gel & AGM batteries are field-proven with tens of thousands of solar installations all over the world.

What are Deka gel cell batteries used for?

Deka Gel Cell Batteries are ideal for remote off-grid solar applications such as UPS battery backup systems, seismic sensing, wireless communications, infrared security, street lighting, obstruction lighting, wildlife monitoring, Intelligent transportation systems and much more.

Are Deka solar gel batteries rated non-spillable?

Rated non-spillable by ICAO, IATA and DOT allows transportation by air safe and easy, no special containers needed. Advanced Made in America technology with the most modern computer-aided design and manufacturing techniques combine to make Deka's Solar Gel Batteries the standard by which all other batteries are measured.

What is a Deka solar Dominator® valve-regulated gel electrolyte battery?

The Deka Solar Dominator® Valve-Regulated Gel electrolyte battery is designed to offer reliable, maintenance-free power. It is available as a single cell or system. The gelled electrolyte protects the battery plates making it ideal for renewable energy deep cycle applications.
