

Enterprise ESS system tender price in India 2026

How many GWh of ESS capacity tenders have been shared?

BOO 66% EPC 23% BOOT 7% Others 4% As of April 2025, 153 GWh of ESS Capacity tenders has been shared of which 56 GWh is in various stages of execution and 55 GWh is in tendering process with 39 GWh tenders cancelled Technology Breakup of Tenders (GWh) 2018 - 2022 Note: Captures only projects/tenders in competitive bidding domain.

Which ESS tenders will increase Indian ESS capacity manifold?

The latest ESS tenders issued by Solar Energy Corporation of India (SECI) and NTPC are the first in India to combine standalone ESS with on-demand use. These two standalone ESS tenders, by SECI and NTPC, have a cumulative storage capacity of 1GW/4GWh. Thus, if executed well, these projects will augment Indian ESS capacity manifold.

What challenges will ESS Technology face in India?

Given that ESS technology is in its infancy in India, the current tenders face several technical, procurement and regulatory challenges. However, the two tenders will act as a pilot project for policymakers and fast-track the evolution of future tenders.

What are ESS tenders & NTPC tenders?

The latest standalone ESS tenders from Solar Energy Corporation of India and NTPC will augment capacity manifold and help develop the local ecosystem. Given that ESS technology is in its infancy in India, the current tenders face several technical, procurement and regulatory challenges.

Will grid-scale tendering help develop ESS in India?

As with renewable energy (solar/wind) development in India, grid-scale tendering will be crucial for developing the ESS market in India. However, at present, ESS technology is still nascent in India, because of which these standalone ESS tenders will likely face technical, procurement and regulatory challenges.

Are ESS tenders a catalyst for the Indian ESS market?

In the past five years, the ESS tenders have been evolving with innovative and new age tenders such as RTC, Peak Power and now standalone ESS. Current standalone ESS tenders, being the first large-scale tenders of such kind, can be a catalyst for the entire Indian ESS market.

In a significant development for India's renewable energy sector, a solar project integrated with energy storage has recorded a tariff of INR3.32 per unit--5.8 per cent lower than the rate discovered in a similar tender by SECI in ...
