

Eritrea solar power generation and energy storage

Where can I find information on renewable power capacity & generation of Eritrea?

You can find information on the renewable power capacity and generation in Eritrea on the homepage of IRENA.org. Climatescope 2019 lists the clean energy policies and investments for Eritrea.

Where can I find information about energy in Eritrea?

You can find information on energy production, total primary energy supply, electricity consumption, and CO₂ emissions for Eritrea on the IEA homepage. For data on energy access (access to electricity, access to clean cooking, renewable energy, and energy efficiency) in Eritrea, visit the Tracking SDG7 homepage.

How does Eritrea provide electricity to remote areas?

Eritrea is also embarking upon an extensive rural electrification programme. The primary goal is to provide electricity to rural areas from the national grid where possible, and from decentralised systems (wind, solar, gensets, etc.) in more remote areas.
