

# Government procurement price of enterprise ESS system in Mauritius

What is e-procurement system (E-PS)?

The e-procurement system (e-PS) is a web-based application, hosted at the Government Online Centre, that enables public bodies and suppliers to electronically conduct procurement proceedings. The e-procurement platform covers every stage from the identification of a requirement, through the tendering process, to award of the contract.

What is the Procurement Policy Office e-procurement system?

Since 28 September 2015, the Procurement Policy Office has setup a new e-Procurement System where public procurement activities are carried out digitally. The website address for the e-Procurement System is:

What is the purpose of establishing a policy office in Mauritius?

The main purpose of establishing the Policy Office is to provide a mechanism for conducting oversight and monitoring of the performance and progress of the procurement system in Mauritius, and to guide and promote its continuing development and improvement.
