

Honghui flywheel energy storage company

What is Honghui energy?

Honghui Energy has established a comprehensive product system, promoting the broader application of flywheel energy storage technology. providing comprehensive solutions covering energy storage, energy saving, and improvement of power quality. Hardcore Strength! Honghui Energy Wins Double Honors in Energy Storage Industry!

Who is a flywheel energy storage manufacturer in China?

In 2017, HHE in flywheel energy storage manufacturers in China won the bid for the flywheel UPS project with a large order of nearly 100 million RMB, and successfully delivered a 16MW dynamic flywheel UPS system in 2018.

What is flywheel energy storage?

That's essentially what flywheel energy storage does - spinning a massive rotor at breakneck speeds to store kinetic energy. And guess what? China's leading the charge in this space, with Beijing Honghui Energy () emerging as the undisputed heavyweight champion.

What can Honghui do for You?

As a leading innovator in China, Honghui provides high-power vacuum magnetic levitation flywheels energy storage system and supports a wide range of applications, including frequency regulation, microgrids, data centers, and high-power industries. Partner with us to drive a sustainable future through cutting-edge energy technology.

Who is Beijing Honghui International Energy Technology Development Co?

Beijing Honghui International Energy Technology Development Co., Ltd. is a domestic leader in the flywheel energy storage industry with completely independent intellectual property rights. It is a national high-tech enterprise, Zhongguancun high-tech enterprise, and Beijing specialized and new enterprise.

What is high-power maglev flywheel energy storage technology?

The high-power maglev flywheel energy storage technology realizes the large-scale commercial manufacturing of maglev flywheels, providing customers with comprehensive solutions for energy conservation, energy storage and power quality improvement.
