

Hybrid solar inverter project financing options in Guernsey 2030

Should Guernsey have solar farms?

In response to calls for solar farms in Guernsey, Little Green highlights the potential of brownfield developments for sustainable energy while advocating rooftop solar as the island's primary path to net-zero. They emphasize the need for environmentally responsible solutions, like agrivoltaics, to balance energy generation with land use.

What is Guernsey's energy strategy?

The strategy outlines that Guernsey will achieve these aims by creating more renewable energy in the form of both solar and offshore wind arrays, and by installing a second subsea cable to France with a 100-Megawatt capacity.

How many solar panels are installed in Guernsey?

Since 2013, we've installed over 3.1 megawatts of energy generation capacity, equating to over 7,000 solar panels, all of which contribute to the States of Guernsey's ambitious net zero 2050 targets. We partner with brands like Moxon SunPower and SolarEdge, giving clients access to the most trusted names in the industry.

Can Guernsey achieve net-zero 2050?

Guernsey's exceptional average wind speed of 11.3 knots creates an unparalleled opportunity to harness wind energy, advancing the island toward its net-zero 2050 goals. Local renewable energy leader, Little Green, introduces the AirTurb--an innovative, silent, and fully recyclable vertical wind turbine perfect for homes and businesses.

How much money does Guernsey fund invest in UK assets?

The report found that Guernsey-based funds currently channel an ongoing $\pounds 5.7$ billion gross investment into UK-based assets. This $\pounds 5.7$ billion is distributed across a number of asset types, including infrastructure such as clean power generation assets, generating social value for the UK as well as private returns.

How do Guernsey-based funds align with UK policy objectives?

A Frontier Economics report released at the beginning of this year detailed how funds domiciled in Guernsey, like the ones that sit under the GGF regime, align with key UK policy objectives. The report found that Guernsey-based funds currently channel an ongoing $\pounds 5.7$ billion gross investment into UK-based assets.
