

Installation of solar panels and batteries

The cost of a panel-only installation by Octopus starts from £6,163 (for 2 panels). A 10 panel installation and a 5kWh battery (our most popular system) costs £8,477 with an essential battery of £10,193 with a smart battery.

The solar battery storage installation process typically involves an initial site assessment, system design, equipment procurement, installation, and wiring, connection to the solar panels and inverter, testing and commissioning, and ...
