

# Kannad safelink solo battery replacement

What is a SafeLink solo battery change service?

Kannad SafeLink Solo Battery Change Service. This is a Return-to-Base Service we have to perform as an Approved McMurdo & Kannad PLB Service Agent, due to the battery being housed inside the PLB alongside the PCB. Correct watertight sealing and testing must be carried out on the PLB before it is returned.

Should I upgrade my Kannad SafeLink solo battery?

I have a Kannad Safelink solo which is due for a new battery in a few months. This PLB model is still available and it seems to meet my needs quite well- i dont need any upgrade etc. The Australian agents for Kannad advised me today, that the solution to battery replacement is to buy a complete new unit at a discounted rate from them.

What is McMurdo S20 and Kannad R10 AIS mob battery service?

McMurdo S20 and Kannad R10 AIS MOB Battery Service. This is a return-to-base service, based on the requirement to get inside the unit and seal it correctly on completion. Return information is sent via email when the order has been received. We offer a fast turn around on the service, and the new expiry date on the current batch will be JUNE 2031

Can a PLB be soldered to a battery?

Soldering tabs to batteries isn't recommended. You could inspect or replace the case o-rings/seals when opening, and run the tests on it after the new battery is inserted. Maybe in a few years when I've upgraded my PLB and the current one runs out I might try sourcing a replacement battery.

Is it safe to take a PLB apart and change batteries?

Taking a unit apart and changing the a couple of batteries is pretty straightforward, granted. But, the checks before and after guarantee your PLB is functional and safe to use. A PLB serviced by us WILL work
