

New energy portable energy storage accessories

What is new use energy?

Engineered for demanding applications, our solutions provide reliable, renewable energy. New Use Energy (NUE) is a leading provider of ruggedized mobile solar and battery generator systems and industrial lithium batteries.

What is mokoenergy solar & energy storage?

MOKOEnergy provides intelligent solar solutions for residential, commercial, and large ground-based power stations. Our solar inverters cover a power range of 0.75 ~ 230 kW. MOKOEnergy's Solar and Energy Storage solution can be applied to various scenarios, including residential, commercial, microgrids, and portable power stations.

Why should you choose NuEnergy storage technologies?

Our batteries are designed to ensure maximum performance over competitors in the industry. Applications ranging from smart watches to electric vehicle mobility and energy storage solutions. NuEnergy Storage Technologies has provided high quality solutions to our customers for decades.

What smart energy solutions does mokoenergy offer?

Our smart energy solutions include BMS, EV charging station and IoT-based energy monitoring products. In addition, we enable smart management and allocation of energy through our cloud platform. As a new energy solution provider, MOKOEnergy has expertise in design, manufacturing, and testing of new energy systems.
