

# Office building energy storage tender price in Vietnam 2030

Is Vietnam a good market for energy storage solutions?

Vietnam represents a promising market for German and European small and medium-sized enterprises (SMEs) specialising in energy storage solutions, thanks to their technical expertise and established reputation in RE technologies.

Why is the demand for battery energy storage systems accelerating in Vietnam?

Export-oriented businesses, especially in manufacturing, are under growing pressure to meet stringent requirements. At the same time, the demand for battery energy storage systems (BESSs) is accelerating, driven by Vietnam's abundant renewable energy (RE) potential, particularly in solar and wind power.

Why do we need battery energy storage systems in Vietnam?

At the same time, the demand for battery energy storage systems (BESSs) is accelerating, driven by Vietnam's abundant renewable energy (RE) potential, particularly in solar and wind power. However, owing to the intermittent nature of these energy sources, storage solutions are required to ensure continuous electricity supply.

How a Bess project is promoting energy storage in Vietnam?

Encouraging domestic enterprises to invest in new technologies will promote the growth of the energy storage industry in Vietnam. Investment in BESS projects in Vietnam is attracting the attention of international partners due to the country's strong potential for RE development.

Will EVN invest in energy storage by 2030?

According to the PDP VIII and Decision No. 1009/QĐ TTg (JETP declaration), investment in energy storage is expected to result in a capacity of around 300 MW by 2030. This includes EVN's 50 MW/50 MWh pilot BESS project aimed at developing ancillary services, evaluating pricing mechanisms and establishing technical standards.

How many hydropower plants will Vietnam have by 2030?

According to the plan, by 2030, Vietnam will have 2 storage hydroelectric plants with a total capacity of 2400 MW, namely Bac Ai and Phuoc Hoa hydropower plants, both located in Ninh Thuan province.
