Are anti-dumping duties threatening battery installations in the US?

Battery installations in the U.S. are threatened by the imposition of anti-dumping, countervailing duties on anode materials. The supply chain for Active Anode Materials (AAM) is dominated by Chinese producers, with attempts to establish the full supply chain outside of China remains years away.

Will China impose a definitive anti-dumping duty on steel wind towers?

The Commission informed all interested parties of the essential facts and considerations on the basis of which it intended to impose a definitive anti-dumping duty on imports of steel wind towers originating in China ('final disclosure'). All parties were granted a period within which they could make comments on the final disclosure.

Will EU anti-dumping measures protect the epoxy resin industry?

Today, the European Commission imposed anti-dumping measures on imports of epoxy resins originating in China, Taiwan and Thailand. The measures will protect the EU epoxy resin industry, which employs 1,400 people across the EU, from unfair and injurious trade practices.

Are anti-dumping duties on active anode materials a threat?

Battery installations in the U.S. are threatened by the imposition of anti-dumping, countervailing duties on active anode materials. The supply chain for Active Anode Materials (AAM) is dominated by Chinese producers, with attempts to establish the full supply chain outside of China years away.

Does China impose a provisional anti-dumping duty on aluminium extrusions?

(111) Recitals (188) to (190) of Commission Implementing Regulation (EU) 2020/1428 of 12 October 2020 imposing a provisional anti-dumping duty on imports of aluminium extrusions originating in the People's Republic of China, (OJ L 336, 13.10.2020, p. 8). (112) See Annex R4 to the complaint.

Can a user absorb anti-dumping duties on a wind turbine?

Several users stated that they could not absorb anti-dumping duties on SWT because they were paying anti-dumping and anti-subsidy duties on other various raw materials used in wind turbines and because SWT costs are a significant share of the costs of a wind turbine.
