

Renewable energy storage project financing options in Brazil 2030

Brazil's energy storage sector must attract R47 billion (\$7 billion) in investments by 2030, according to the Brazilian Energy Storage Solutions Association (Absae). Stakeholders are in the process of creating a regulatory ...

This equates to a doubling of current annual spending on renewable power generation, grids, and storage in 2030, in order to triple renewable capacity. The goal of doubling the pace of energy efficiency improvement requires an even ...
