

Seiko astron gps solar battery replacement

This groundbreaking timepiece combined solar charging with GPS technology to deliver atomic clock precision anywhere in the world without the need for battery changes, embodying Seiko's vision of creating practical, forward-thinking watches that redefine global timekeeping.

The Seiko Astron GPS Solar watch was inspired by Seiko's enduring commitment to innovation, encapsulated in founder Kintaro Hattori's credo: "Always one step ahead of the rest." Building upon the legacy of the original 1969 Quartz Astron--the world's first quartz wristwatch--Seiko ...

A Solar Watch is a watch which moves by converting light energy into electronic energy. Light energy received by a solar cell (solar cell unit under the dial) is converted into electronic energy. The energy is stored in the rechargeable ...
