

Small energy storage container for office

What is a shipping container office-storage combo?

Our shipping container office-storage combos offer climate-controlled workspaces alongside secure storage. These ground-level units feature office-grade finishes, durable flooring, HVAC systems, and enhanced security. Perfect for offices, break rooms, or customizable spaces like restrooms, they maximize efficiency on-site.

What is a container office?

A container office is a modular, portable office that you can move around as needed. You can choose from a variety of sizes and configurations, and you can customize it to fit your needs. To build a container office, you need access to construction materials and tools, as well as experience in building modular offices.

Where can I rent a container office?

Get container offices and ground-level offices for rent or sale at Mobile Modular Portable Storage. You can get an office-storage combo shipping container delivered directly to your job site much faster than building a conventional structure. The quick turnaround time helps you save on additional labor costs and quickly jump to business.

Are shipping containers a good choice for a modular office space?

From a small, one or two-person office, to a larger corporate company with numerous employees, shipping containers offer efficient solutions to modern modular office spaces.

What are shipping and storage container offices?

Shipping and storage container offices are modular offices that can be moved around easily. They're popular because they're customizable and easy to set up, making them a good option for businesses that need to move frequently. They come in different shapes and sizes, so you can find one that's perfect for your business.

What can I use a container for?

You can use our containers to store equipment, finished products, parts, documents, inventory, and machinery, or create a ground-level office or supervisor room on site. Our ground-level office and storage containers can help create attractive pop-up stores, display areas, and sales counters.
