

Solar Inverter tender price in Chile 2030

Will increasing solar energy demand boost solar energy capacity in Chile?

The increasing solar energy demand will likely boost the solar energy capacity across the country over the forecast period. The Chile solar energy market is fragmented. Some key players in this market (in no particular order) include Acciona, S.A., JinkoSolar Holding Co., Ltd., Trina Solar Limited, Enel Green Power S.p.A., and First Solar, Inc.

What is solar energy in Chile?

Solar energy is heat and radiant light from the Sun that can be harnessed with technologies such as solar power (used to generate electricity) and solar thermal energy (used for applications such as water heating). The Chile solar energy market is segmented by deployment and type.

How are private investments influencing the solar market in Chile?

Furthermore, private investments are also steering the market in the country. For example, in 2023, Enel Green Power Chile, a subsidiary of Enel Chile, commenced construction of its new El Manzano solar power park in Tiltil, which will be the company's first large-scale photovoltaic solar power plant in the Metropolitan Region.

Will Enel Chile start a solar power plant in 2022?

September 2022: Enel Chile got authorization from the National Electric Coordinator to commence commercial operation of its Sol de Lila solar power facility, which has an installed capacity of 161 MW, through its renewable energy development company, Enel Green Power Chile.

How much solar power will Chile have in 2022?

Due to the government's favorable policy, the solar power sector in the country grew from almost non-existent in 2012 to over 6.2 GW by the end of 2022. In 2022, Colbún SA, the Chile-based investor, submitted an environmental assessment for a 422 MW solar PV plus storage project it plans to build in Chile.

It also specifies that the country seeks to have an integral carbon pricing portfolio to deliver coherent and predictable price signals. In line with this, the government launched its "National Energy Policy by 2050", which states that carbon prices ...
