

Solar battery price list

How much does a solar battery cost?

A fully-installed 13.5 kWh solar battery costs \$13,500 on average, after claiming the 30% tax credit. This price can vary from project to project as there are many factors that influence battery storage costs. Update: The homeowner-claimed tax credit for home battery storage is only available until the end of 2025.

What factors determine the cost of a solar battery?

Here are some of the factors that determine the cost of a solar battery: Any solar-related product's price tag will depend on the company that manufactures them. This goes for inverters, batteries, panels, EV's, etc. This can come down to their manufacturing process, marketing strategy, material cost, and other various overheads.

Which solar batteries are the most expensive?

In this article, we've included prices for both lithium-iron (LiFePO4) and lead-acid (AGM & GEL) solar batteries. Out of the 3, LiFePO4 batteries tend to be the most expensive - at least initially. Over time, they actually save you money because they last longer.

How much does it cost to install a solar battery in 2025?

The average cost to install a solar battery in 2025 is between \$9,000 and \$19,000, with the average homeowner paying around \$13,000 on average.

Is solar battery storage worth the cost in 2025?

Whether solar battery storage is worth the cost in 2025 is totally up to you and your energy goals. If you experience frequent or long-lasting power outages, then having battery storage for backup power can be a game-changer in keeping you safe, productive, and comfortable (not to mention keeping your food from spoiling!).

How much does a battery system cost?

Battery systems can range from 5 to 40 kWh, depending on your energy needs. Battery prices also vary by brand, capabilities, and installation factors. We'll explore these factors later. On average, it costs around \$1,300 per kWh to install a battery before incentives. With the 30% federal tax credit applied, the cost is closer to \$1,000 per kWh.
