What is the solar Victoria interest-free battery loan?

The Solar Victoria interest-free battery loan replaces the previous Victoria Home Battery Scheme, with applications for battery rebates in Victoria no longer accepted from 30 June 2023.

When can I apply for a solar battery loan in Victoria?

As the scheme has just commenced, eligibility checks can be submitted from 17 July 2023 onwards. To be eligible for a solar battery loan, Victorian homeowners need to meet the below criteria: The battery has a capacity of 6kWh or more and is listed on Solar Victoria's product list.

Can you get a solar rebate in Victoria?

Previously, eligible Victorians installing a battery to store the energy their solar PV system generates were eligible for a rebate. While Solar Victoria will continue to assist Victorians with funding for a home battery, this assistance is switching from a \$2,950 rebate to an \$8,800 interest-free loan with repayments spread across four years.

What is the solar battery loan scheme?

The Solar Battery Loan Scheme is a Victorian Government initiative providing households with access to zero-interest loans to support the installation of approved solar battery systems. In 2025, the program continues to offer: The loan is designed to reduce the cost barrier and support Victoria's renewable energy goals.

Can I get a solar loan in Victoria?

\*Package 1 - Eligible households in Victoria can apply for an \$8,800 interest free loan. \*Package 2 - Eligible households in Victoria can claim a \$1,400 rebate and a \$1,400 interest free loan off the Solar System cost and a further \$8,800 interest free loan for the battery.

What happened to solar Victoria's interest-free loan scheme?

The \$8,800 interest-free loan scheme, designed to help households install battery storage, will officially end on 30 June. But today, Solar Victoria confirmed it is no longer taking new applications - effectively shutting down the program early. The cut coincides with a funding reduction of nearly 12% to Solar Victoria in last week's State Budget.
