

# Solid state battery summit 2024

What is a solid-state battery summit?

This unique summit will cover the global solid-state battery ecosystem from multiple angles including advances in chemistry, engineering and safety as well as cost control strategies by manufacturers with an outlook on the forecasted market expansion for China, Japan, Korea, Europe and the United States.

When is solid-state battery summit 2024?

Check out who is attending ? exhibiting ? speaking ? schedule & agenda ? reviews ? timing ? entry ticket fees. 2024 edition of Solid-State Battery Summit will be held at InterContinental Chicago Magnificent Mile, Chicago starting on 13th August. It is a 3 day event organised by Cambridge Innovation Institute and will conclude on 15-Aug-2024.

What is solid-state battery Tech 2024?

view more... Welcome to the SOLID-STATE BATTERY TECH 2024 Exhibition and Conference, where EV Solid-State Battery experts will meet with top-level automotive industry leaders to explore cutting-edge technologies and advance manufacturing practices shaping the future of Solid-State Batteries. Join us as we unlock new horizons in battery technology.

When should I register for the solid-state battery summit?

For maximum savings, register by August 1. Bring your Team to Chicago and SAVE 20% with a Group registration. The Solid-State Battery Summit is co-located with this exciting event. Solid-State Battery Summit is a premier event exploring advancements in battery ecosystem. Connecting key experts from battery chemistry to engineering.

How many people will attend solid-state battery summit?

InterContinental Chicago Magnificent Mile expects about 2000 people to attend the conference Solid-State Battery Summit. How many exhibitors are planning to attend the event? What type of products /services will be showcased in the event? Can I get a list of speakers participating in the event? How did you participate in this event? loading...

Are solid-state batteries the future of battery technology?

**FINAL DAYS TO REGISTER** Solid-state batteries are well positioned to be the breakthrough that will help to propel advanced battery technologies to the next level of global adoption.

Join us for an exciting in-person and virtual summit that delves into the global solid-state battery ecosystem from every perspective. This unique event will explore significant advances in chemistry, engineering, and safety, alongside ...
