

Successful bid price of business energy storage project in Philippines 2030

Why is the Philippines betting on battery energy storage systems?

The Philippines is betting on battery energy storage systems (BESS) to achieve its ambitious renewable energy (RE) targets and build a more sustainable energy future.

Can energy storage drive the modernisation of power infrastructure in the Philippines?

Energy storage is a technology that can not only drive the modernisation of power infrastructure in the Philippines, but also attract investors in the country's economy. "However, as a utility developer, we are looking at challenges in the implementation of the policy framework, and at technology challenges," Briones said.

How many projects did the DOE bid in 2025?

A total of 14 projects with a delivery period spanning 2025 to 2035 participated in the auction, with bids ranked from lowest to highest price. The DOE will publish the final list of winning bidders on its website once the Energy Regulatory Commission (ERC) completes its review of the price offers.

How many Bess projects are there in the Philippines?

DOE data reveals 1,850 MW of committed BESS projects by 2030 and 1,951 MW of indicative projects by 2033, as of November 2024. The agency projects 330 MW of BESS capacity coming online this year alone. "We have seen that battery electricity storage is a crucial technology for the Philippines," the DOE said.

What is the future role of energy storage system (ESS)?

The future role of ESS is well-recognized by the Department of Energy (DOE). In August 2019, the DOE issued Department Circular No. DC2019-08-0012 entitled, "Providing a Framework for Energy Storage System in the Electric Power Industry", establishing a policy on the operation, connection, and application of BESS among others.

The choice of location determines the success of a project. Every BESS project starts with a thorough market analysis. Particular attention should be paid to the selection of a suitable location, as this is crucial to the success of a project. ...
