

Successful bid price of solar plus storage project in Malaysia 2025

How much will Canva Malaysia's large-scale solar projects cost?

Representational image. Credit: Canva Malaysia's large-scale solar (LSS) projects, including LSS5, LSS5+, and LSS6, are expected to generate contracts worth between RM15 billion and RM18 billion over the next two years, driving significant activity in the renewable energy sector.

Is the LSS5+ a good investment for the solar industry?

With the LSS5+ opening up bids for a combined 2GW of solar energy capacity and the anticipated LSS6 in less than a year, the industry is poised for further infrastructure development. Leveraging TNB's Capex Boost

Can Solarvest manage large-scale solar projects?

Solarvest Holdings Bhd's executive director and group chief executive officer, Davis Chong, affirmed the company's capability to manage large-scale solar initiatives, given its 30% market share and completion of 1.3GW of RE projects.

Is Petra preparing a second LSS bid?

This is the second LSS bid in less than 12 months after Petra conducted a round of bidding for the development of 2 GW of large-scale solar in April 2024.

When will solar power plants be approved?

"The solar power plants to be approved under this additional round of bidding are scheduled to start operations in 2027," Petra said. Request for proposal (RFP) documents are now available online via the Energy Commission's website. Submission of completed RFP documents is required by the end of February.

When will solar power plants start operating?

"Solar power plants approved under this additional bidding round are scheduled to commence operations in 2027," it said in a statement today. Petra added that the initiative aligns with the nation's aspirations for energy transition and the demand for green electricity within the national power supply system.

KUALA LUMPUR (Feb 7): Fresh from finalising the large scale solar 5 (LSS5) winners, the Ministry of Energy Transition and Water Transformation (Petra) is targeting to kick off the bidding round for LSS6 in the second quarter of this year.
