

Turnkey BESS EPC contract price in Malaysia

Why is Malaysia launching a Bess project?

The inaugural development of public BESS project in Malaysia is part of the Government's efforts to support the energy transition and achieve the goals of increasing the country's installed renewable energy capacity to 70% and to achieve net-zero by 2050.

Should foreign players participate in Bess projects in Malaysia?

Nevertheless, given that the development of BESS projects in Malaysia is still at an early stage, participation of foreign players with experiences in energy storage system projects may be crucial to support and encourage further projects of the same nature to be developed in the Malaysia energy market in the future.

Why is Malaysia launching a Bess auction?

Peninsular Malaysia's rising solar penetration, currently over 2.5 GW, has increased the urgency to deploy storage as a flexible grid asset. By launching this BESS auction ahead of major stability issues, Malaysia is taking a proactive step to future-proof its power system, with COD targeted for 2026.

How do I get a Bess RFQ?

Request for Proposal (RFP): qualified bidders will be invited to submit their proposals for the BESS project to the Energy Commission. The RFQ document is available for purchase starting from 29 November 2024 until 13 December 2024. More information on obtaining the RFQ can be found on the Energy Commission's website.
