What is an EPC contract?

The basic idea behind the EPC contract is that the contractor assumes far-reaching, full responsibility for the success of the construction project. A lump sum price is usually agreed on for completion in this process. The contractor's project risk depends on the extent of the contractor's responsibility.

How do I draft and negotiate an EPC contract?

Drafting and negotiating an EPC contract primarily follows the needs of the project. Universal rules cannot generally be established. But of course, conventions and customs in the target market - Finland in this case - are a factor. The following article highlights a few key points.
