

Velux integra solar battery replacement

Can VELUX replace a battery?

Contact us for a quote on battery replacement for your windows or visit our ebay store to purchase batteries to install yourself. How does the VELUX rain sensor work? With VELUX not offering a replacement battery for all solar window motors produced after 2014 it has meant the whole motor/battery assembly needs to be replaced.

Does VELUX offer a replacement battery for solar window motors?

With VELUX not offering a replacement battery for all solar window motors produced after 2014 it has meant the whole motor/battery assembly needs to be replaced. We have worked with a UK battery manufacturer to produce identical battery packs and have successfully replaced batteries in many roof windows in our local area.

What is a VELUX solar integrator?

The VELUX Solar Integrator is a specially designed flashing that perfectly connects VELUX roof windows to a variety of solar panel build-in systems. Our solution ensures that your roof window will fit perfectly into the PV grid because of an easy, fast, safe and seamless integration.
