

Virtual energy storage narada power

What does Narada power do?

Narada Power long dedicates to new electric energy storage. Its business covers integrated solutions of R&D and production, system integration and smart operation of energy storage products.

What is Narada energy storage?

Global installed capacity is up to 8 GWh, and energy storage services benefit more 40 countries With more than 17 years' experience in energy storage, Narada becomes the integrator of battery energy storage system technologies Constantly focus on three application fields: power generation, grid and users

What certifications does Narada power have?

Narada Power has passed over 260 safety certifications and accreditations of global leading energy storage standards, like UL, IEC, GB, KC, etc. The improving certification systems embody our excellent strength in the energy storage industry.

Why should you choose Narada?

Narada integrates the concept of sustainable development into the whole process of operation. We are spearheading in the global hottest energy storage events. First CCC Certificate! Narada Lithium Batteries for Electric Bicycles Receive Prestigious Certification
